Master Chicken

Monday 28 March 2011

Dear Master Chicken

Thank you Master Chicken for letting group 25 cook their own filleted fish it was very fun doing it. The chips were delicious but the fish was even better. My favourite part was dipping the fish in the powder and the green stuff. Im glad that you didn't get angry at us when we were rushing you. Once again thank you for letting group 25 into your restaurant to cook fish and chips.

Your Sincerely
Levi Taft
